

My name is _____. Today's date is _____.

Today we will first work together as a group and then you will work with a partner. This list includes all the activities you must complete today. Check off each activity after you and your partner complete it. Before you move on to the next activity, you must grade your own work and your partner's work. Use this grading scale to grade your partner's work.

1	2	3
My partner did not help at all.	My partner helped some but I had to remind him or her to work.	My partner worked hard the entire time. My partner tried his/her best.

1. We will review vocabulary together as a group. _____

How did your partner do? **1** **2** **3**

How did you do? **1** **2** **3**
